## Grant Request

2023 Stabilization Grants are designed to help small businesses with a clear and specific project-based grant to assist operations in the face of economic challenges, changes, opportunities, and crises.

The grant is a one-time infusion of capital to help the business:

- **Stabilize** - recover from a specific deficit/challenge (e.g. replace a failing HVAC system, repair the storefront after a disaster, etc.)
- **Grow** - take advantage of an opportunity to increase sales, profits, or decrease expenses (e.g. purchase a piece of equipment that will improve productivity, improve the interior of the store, expand to wholesale/e-commerce, etc.)

Please note: Stabilization Grants cannot be used for working capital, day to day expenses, or to bolster cash reserves. (E.g. pay employee salaries, pay past due debts that have been accrued due to lack of profitability, pay rent, increase the cash in your bank account, etc.) Businesses that are not profitable and that have no clear path to profitability are not likely to be funded. In very specific circumstances, TMF Stabilization Grants can be used to pay off past due debts or purchase inventory. Specific instances can include: accrued debt used to continue operations during a disaster (flood, road closures, fire, etc.), purchasing bulk inventory to save on costs or prepare for a large event, assisting a sustainable business in paying debts that were accrued when the business was struggling, etc.

**Please indicate the grant size request for your business at this time -- up to \$10,000.\***

**Please describe how you will use the grant (be as specific as possible).\***

*For Example: My deli needs extensive upgrading, but doing it myself will use all the money I have in the bank and/or require me to use a high interest credit card.*

*\$5,500 for HVAC repair to replace our broken system;*

*\$1,500 to replace a failing refrigerator;*

*\$2,000 for two new slicers;*

*Total: \$9,000 (should be the total amount of grant request)*

**How will this grant help you to improve or stabilize your business?\***

Will it enable you to make or save more money? Will it enable you to better serve your current customers or expand to serve new customers?

**Follow Up / Site Visit\***

*I understand that TMF staff or a representative of TMF will contact me with additional questions about my business and may request a site visit as phase two of the application process.*
